## NATIONAL MANAGING COMMITTEE

### OFFICE BEARERS

<i>Chairman</i>	- Mr. Kewal Nohria
<i>Vice Chairman</i>	- Mr. M K Sharma (W.e.f. 10 <sup>th</sup> March, 2018) - Mr. Ranjan Kapur (expired on 27 <sup>th</sup> January, 2018)
<i>Hon. Secretary &amp; Managing Trustee</i>	- Mr. Naveen Kshatriya
<i>Hon. Treasurer &amp; Jt. Managing Trustee</i>	- Mr. Uday Khanna
<i>Jt.Hon. Treasurer</i>	- Mr. Suresh Goklaney
<i>Jt. Hon. Secretaries</i>	- Dr. Vinay Deshmane - Mr. K. A Narayan (W.e.f. 10thMarch,2018)
<i>Trustee</i>	- Mrs. Usha Thorat - Dr. Anita Borges

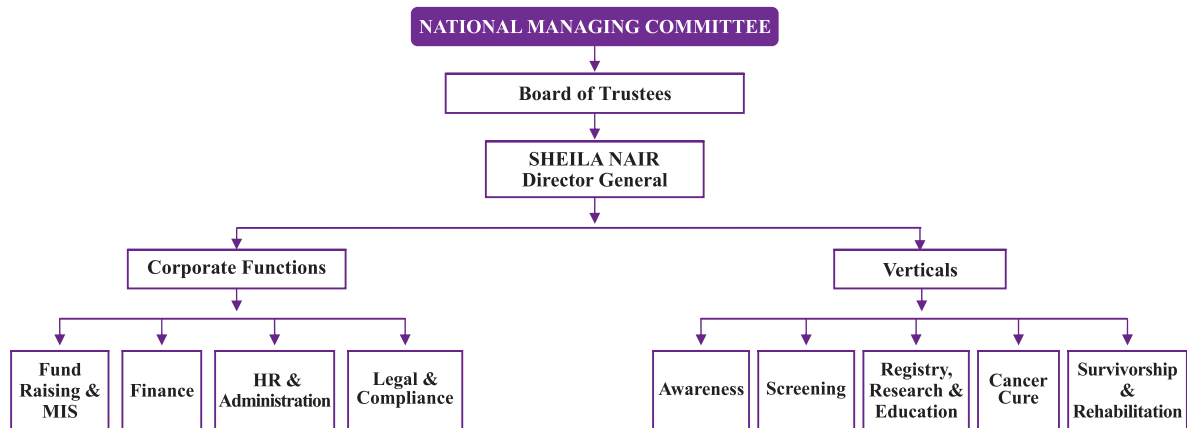

### MEMBERS

- Mr. Hari L. Mundra
- Dr. Anil Naik
- Dr. Anil D'Cruz
- Dr. R. K. Deshpande
- Dr. Purvish Parikh
- Mrs. Jyostna Govil
- Dr. Purna A. Kurkure
- Mr. Kiran Narayan Talcherkar
- Mr. Jeevan Virkar
- Dr. Vikram D. Sanghvi
- Dr. Arunabha Sengupta
- Mr. Kishore Rao
- Adv. M Federal
- Dr. TapanSaikia

---

### LADIES COMMITTEE

Mrs. Urmila Jain (Coordinator)	Mrs. NayanaaKanodia
Mrs. Sophie Ahmed	Mrs. Miriam Alexander
Mrs. Asha Kanodia	Mrs. Liz Virkar
Mrs. Lakshmi Menon	Mrs. Sheroo Kheswalla

### SHEILA NAIR

Sheila Nair is at the helm of Indian Cancer Society and is responsible for the development and execution of strategy underpinning all activities at the national Head Quarters at Mumbai, including its all-India Programs.

### NANDITA HALADY

Nandita Halady plans and manages the various cancer treatment funds for underprivileged cancer patients.

### PRAMILA CHANDRAMOHAN

Pramila Chandramohan heads the finance team, including responsibilities for statutory compliances, taxation and budgetary controls.

### SHRAVANI KOYANDE

Shravani Koyande manages ICS's cancer registries in Greater Mumbai ,Nagpur, Pune and Aurangabad.

### ANANT DIGASKAR

Anant Digaskar Director HR and Administration.

### DR VANDANA DHAMANKAR

Dr.Vandana is implementing a survivorship clinic model in hospitals for a holistic psychosocial care of childhood cancer survivors. UGAM is the support group for children and young adults and is co.ordinated by this vertical. A new holistically planned Dr.D J Jussawalla Education & Vocational Skills Fund has been recently launched for supporting development of Childhood cancer survivors and channeling them to livelihood.

# DARE TO Dream

Dear Friends,

Can we dare to dream of a world where cancer is no longer feared? Where it's a disease that has a cure? Where the majority are survivors and not victims. Yes, we can. The Indian Cancer Society with renewed vigour and zeal is striving to turn this dream into a reality.

As India's most respected NGO in the cancer space for the past 65 years, we play an active role in creating awareness and encouraging early detection among the masses. Facilitating cure, rehabilitation for the underprivileged patients and offering support to survivors has always been our area of focus.

It is time now to scale up our activities, set new goals for 2020. A national footprint should see us manning 100 mobile detection vans throughout the country creating cancer awareness through films developed on key cancers in the regional languages and providing early detection at your doorstep. The youth of our country must lead the change of mindset towards this dreaded disease through social media and events. Raising Rs 100 crores for disbursement through the Cancer Cure Fund will make the life-saving treatment available to many of those who simply cannot afford it.

To this end, in the past one year, we have produced 4 films in 7 languages raising awareness and encouraging early detection. Students, young professionals and matinee idol - Varun Dhawan - have been enrolled to be part of our mission. CSR funding has enabled us to add a new state-of-the-art mobile medical unit detection van, currently under fabrication, to increase our reach in the rural areas.

To further increase the impact of our Cancer Cure Fund, in collaboration with HDFC AMC, we have added hospitals to our empanelled list, which now totals 16 across India. Since its establishment in 2011 we have sanctioned 85.14crores, to fund the treatment of 4650 patients. We have now nearly quadrupled our disbursements with the enhanced new fund and CSR support from HDFC. ICS has also reorganized its operating structure by identifying 4 core areas – Awareness & Screening, Cancer Cure, Cancer Registry responsible for research and knowledge, and Rehabilitation and Survivorship, which includes the Ugam – support group of childhood cancer survivors.

The need of the hour is to come together from all walks of life, pool in our resources to battle this disease and emerge victorious. We seek active support and assistance from individual donors, trusts, the corporate world, medical fraternity, hospitals, the government, health ministry, well-wishers, stakeholders and all related NGOs to help scale-up our activities.

The next 2 years will help ICS take the giant leap to realize this dream.

## ABOUT ICS:

### INDIAN CANCER SOCIETY

Indian Cancer Society was established in 1951 by Dr. D.J. Jussawalla and Mr. Naval Tata as India's first voluntary, non-profit, National Organization for Awareness, Screening, Cure and Survivorship of those affected with this disease.

Indian Cancer Society has been doing sterling work in fighting cancer across India. It has been and continues to be the beacon of hope for thousands of our poor cancer affected brethren. The extent of help required is phenomenal. The society is entirely dependent on public support for its various activities including for financing the treatment and rehabilitation of cancer patients and for spreading the cancer awareness of its early detection.

### ACTIVITIES

- Creating nationwide awareness of cancer, tobacco as a major risk factor, survivorship, and encouraging regular checkups for early detection thereby increasing the chances of cure and economic burden of treatment at an advanced stage.
- Providing for the early detection of cancer through cancer screening centers and mobile cancer Screening camps across India, for the underprivileged.
- Providing funds for the treatment of cancer for poor cancer patients across India through empanelled hospital
- Providing support during and after treatment to poor cancer patients through accommodation, rehabilitation, and survivor support groups.
- Gathering and collating data through the population based cancer registry for Mumbai, Pune, Nagpur and Aurangabad (ICS is the only NGO to run a cancer registry), and providing analytic and project reports on the incidence of cancer.
- Providing a medium for the dissemination of information and research findings to the medical fraternity through the Indian Journal of Cancer.

## CANCER SCREENING

**OUR MISSION:** To facilitate the early detection of cancer.

### MUMBAI

Indian Cancer Society strongly believes that “Cancer is curable, when detected early.” Awareness followed by early detection improves the chances of battling this dreaded disease. Early diagnosis of cancer has been the core objective of our Mobile Cancer Screening Camps and the Cancer Screening Centre at Peddar Road, Mumbai.

#### Mobile Cancer Screening Camps:

In 1982, Indian Cancer Society launched its first Mobile Cancer Screening to provide people with easy access to cancer checkup facilities free or at a nominal cost.

<b>Camps</b>	<b>: 297</b>
<b>People touched</b>	<b>: 20573</b>
<b>Cases for further investigation</b>	<b>: 1042</b>
<b>Confirmed cancer cases</b>	<b>: 17</b>

#### Cancer Screening Centre, Peddar Road

The M.D. Thackersey Cancer Screening Centre was set up by Indian Cancer Society to provide facilities for the public.

Oral Check by ENT Surgeon

Blood Test in Camp

<b>People touched</b>	<b>: 745</b>
<b>Cases for further investigation</b>	<b>: 198</b>
<b>Confirmed cancer cases</b>	<b>: 06</b>

### DELHI

ICS Delhi provides preventive screening services through its Cancer Detection Centre, Babar Road as well as mobile outreach services for the past 34 years. Mobile unit Asha Kiran, equipped with digital mammography and X-Ray has been inducted to the ICS Delhi fold as a CSR initiative of EIL which has increased ICS Delhi's outreach. The second unit Asha Deep joined the force. It is sponsored by SomDatt Builders Ltd. An ambitious project called ICS Connect has been initiated, which captures all screening data. Tele-radiology platform has been provided for our mobile units and the data for screened individuals is maintained in digital form for easy access.

#### Screening Camps

<b>Camps</b>	<b>: 252</b>
<b>People touched</b>	<b>: 8691</b>
<b>Cases for further investigation</b>	<b>: 421</b>
<b>Cases found to be cancerous</b>	<b>: 3</b>

Screening Camps

**Center**  
**No of People touched** : 2960  
**Cases for further investigation** : 67  
**Cases found to be cancerous** : 11

## BANGALORE

### Early Cancer Screening

ICS believes that in most cases “Cancer is curable when detected early”. A significant percentage of these incidences and associated mortality can be prevented. ICS has been conducting Cancer Screening Camps in Bangalore and rural Karnataka. On an average, 150 people are screened at each camp. Focus is on early detection of Breast, Cervical, Oral and Lung Cancer.

**Centre**  
**Beneficiaries** : 1109  
**Camps** : 84  
**People touched** : 6335  
**Cases for further investigation** : 414

## KOLKATA

Indian Cancer Society, Kolkata Branch has done sterling work in spreading awareness about Cancer through Awareness Camps and Screening Programs during the year 2017 - 18

Following table shows the statistics for the year 2017 – 2018.

**Camps** : 50  
**People touched** : 10441  
**Suspect Cases** : 29

## NAGPUR

Indian Cancer Society, Nagpur Branch was established in 1987. It conducts cancer awareness programs with the help of videos, pamphlets, brochures & lectures of Medico-Onco expertise. It also conducted Cancer Screening Camps with the help of different NGOs. ICS Nagpur successfully runs a Cancer Screening Centre at the Mure Memorial Hospital.

**Screening**  
**Camps** : 5  
**People touched** : 295  
**Cases for further investigation** : 65  
**Cases found cancerous** : 3

**CDC**  
**People touched** : 159  
**Counseling provided to 105 patients**

## LUCKNOW

Indian Cancer Society Strongly believes that “Cancer is Curable,when detected early. “Awareness followed by early detection improves the chances of battling this dreaded disease.

Following table shows the statistics for the year 2017 – 2018.

**Screening**  
**Camps** : 3  
**People touched** : 166  
**Cases for further investigation** : 25  
**Cases found cancerous** : 19

## Screening Department – Major Activities Pan India

### *Indian Cancer Society Celebrates International Women's Week WE CAN (Women Empowerment for Cancer Control)*

#### Preventable Cancer among women

The Indian Cancer Society believes that empowerment of women is the key to their better health. The above activities are all women centric, directly involving the beneficiaries and follow the bottom up approach of health promotion. Through “WE CAN – Women Empowerment for Cancer Control” we aim to benefit numerous women and help them **#BeBoldForChange**. Through our activities, we empowered them enough to take the matters of their health in their own hands and be bold enough to Rise Against Cancer!

**#BeBold  
ForChange**

#### **Construction Worker: Camps : 32 | People touched : 2651**

ICS conducted a series of Cancer Screening Camps for Building construction workers in a period of six months. These camps not only provide them the much needed service but also created awareness for Oral Cancer and Prostate Cancer

#### **Mumbai Railway Police: Camps : 7 | People touched : 297**

ICS also conducted Cancer Screening Camps for Mumbai Railway Police for one month period, they were very supportive for this campaign

#### **Camps for Blind Persons: Camps : 2 | People touched : 55**

ICS conducted 2 camps for Blind persons - 1) General Cancer Screening Camp in association with Blind Person's Association and 2) Mammography Camp-II in association with Life Care Health Foundation.

## SCREENING CAMPS

General Cancer Screening Camp organized by **Ambika Sahakari Patpedhi, Khodad, Tal – Junner, Dist – Pune** for the benefit of villagers on 12th & 13th August, 2017 through **Give India fund**.

Cancer Awareness program for female organized by **Ekta Sakhi Manch, Murbad** for the Tribal women during General Cancer Screening Camp held on 11th October, 2017 through **UTI fund**

Beneficiaries Registration in General Cancer Screening Camp organized by **Gunvati Kapoor Foundation** on 5th August, 2017 at **D N Nagar, Andheri (W)** for slum women through **UTI fund**

Beneficiaries Registration I General Cancer Screening Camp organize by **Murbad Shahapur Taluka Rahivashi Sangh** at **Dhasai Gaon , Shahapur** for the benefit of villagers on 6th December, 2017 through **UTI Fund**

General Examination by General Surgeon in Cancer Screening Camp held on 24th, 25th & 26th November, 2017 at **Gadhinglaj, Dist. Kolhapur** organized by **Kai Gundu Annappa Patil Trust** through Give India fund for the benefit of villagers

ENT Examination by ENT Surgeon in Cancer Screening Camp and Mammography camp-II held on 7th & 8th October, 2017 at Nanded for the benefit of underprivileged organized by **Lions Club of Nanded** through **Give India fund**

Registration of beneficiaries in Mammography Camp-II held on 4th February, 2018 at Ruxmani Hospital, Babulnath, Mumbai for the beneficiaries of LIG (Paid camp)

Registration of the beneficiaries in Cancer Screening Camp held on 10th March, 2018 organized by Mahila Dakshata Committee, Manor, Dist- Palghar through Give India fund

## CANCER AWARENESS

**OUR MISSION:** To create awareness that cancer is preventable and curable if detected at an early stage.

### MUMBAI

Indian Cancer Society conducts cancer awareness camps in school, colleges, corporate offices, slum and rural areas on a pan India level.

At these camps, a trained ICS representative presents short films and a talk on the lead cancers like cervical, breast, oral and lung. The films explain what is cancer and its causes, symptoms and the lifestyle changes required to protect oneself against cancer. These camps are conducted free or at a minimal cost.

**Cancer Awareness Camps : 1766**  
**Beneficiaries : 99203**

#### CANCER AWARENESS TALK:

ICS conducted Interactive Breast Cancer Awareness Sessions with the help of an NGO-Anulom. The talk was held at Ambarnath. The attendees were mix of local slums dweller and Anganwadisevika's of kalyan, Ambarnath, Dombivali and Badlapur Area.

**Beneficiaries : 120**

### DELHI

#### Cancer Awareness: A) Cancer Jagriti

Aim of ICS, Delhi, Cancer Jagriti is to educate the public about cancer, its causes, and effective preventive measures, the Indian Cancer Society regularly conducts awareness talks. Cancer Jagriti is a group of trained volunteers that deliver cancer awareness talks. They visit a variety of settings, such as schools and colleges, markets, offices and factories, women's' groups, bastis, urban slums, Rotary and Lions clubs, and villages. We also work with other socially committed organizations.

**Camps : 93**  
**People touched: 12000**

**CANCER AWARENESS**

**BANGALORE**

**Cancer Awareness:**

Indian Cancer Society, Karnataka, has been conducting Cancer Awareness Sessions with the objective to reduce cancer instances and mortality rate through prevention and early detection. The session is organized for 60 minutes.

**Camps** : 33  
**People touched** : 2698

**KOLKATA**

## EVENTS BY AWARENESS VERTICAL AT PAN INDIA

### MUMBAI

#### BREAST CANCER WALKATHON:

Indian Cancer Society conducted a Walkathon for Breast Cancer Awareness in collaboration with Maina Foundation. This walk was conducted on Marine Drive and was attended by members of both organizations, doctors, Breast Cancer Survivors and College Volunteers.

The dignitaries from ICS included Ms. Sheila Nair & Dr. Vinay Deshmane, they were supported by 15 other ICS employees and support staff. About 23 breast cancer survivors, who are associated with ICS in various capacities (survivors and patients from rehabilitation and occupational therapy section and those diagnosed in screening camps)

The founder members of Maina Foundation Ms. Alka Shrikhande and Mr. S V Pandit joined the walk along with other members of Maina Foundation.

The gathering was joined by 60 students of SIES College, Sion. A group of 6 students from this colleges also performed a street play at the end of the Walk which was based on breast cancer awareness and displayed that how early detection of can save lives. We planted two “Wish trees” along the stretch of the walk which had small unfulfilled wishes of Breast Cancer survivors placed on them.

#### BREAST CANCER AWARENESS MONTH:

The month of October is marked as Breast Cancer Awareness Month all over the world. As a premiere institution for Cancer Control in India, we are doing activities to increase awareness for breast cancer. However we believe that our own staff also should be involved and benefit from such awareness.

**Pink Friday: All employees to sport pink dresses on every Friday of the Month of October to show solidarity for the cause. Every Friday a talk of half an hour will be held on different aspects of Breast Cancer for the Employees in the Multi Activity Room.**

*Breast Cancer Awareness Talk at Head Quarters*

**WORLD NO TOBACCO DAY**

Every year the World Health Organization marks 31st May as the World No Tobacco Day. World No Tobacco Day forms the perfect opportunity for conducting many activities aimed towards the control of tobacco. It also provides an opportunity for inter sectorial coordination among organizations working towards the control of this menace called tobacco. It is also serves as a platform for all premiere institutions working against cancer to direct their prevention activities towards the control of tobacco which is a major risk factor for many types of cancers.

The following activities have been planned for **WNTD 2017** by ICS:  
Beckman & Coulter were funding partner for following events:

**Poster Designing Competition and Short Film making competition**

**World No Tobacco Day Rally in association with Maharashtra State Dental Council**

**Anti-Tobacco Awareness and distribution of IEC material at various hospitals**

### Anti-Tobacco Awareness talks in Corporates Street Play

### World No Tobacco Day Campaign in schools

### Flash Mob

### Radio Campaign

INDIAN CANCER SOCIETY  
RISE AGAINST CANCER

**Statistics of Stages of Sarcoma**

In general, cancer statistics often include the 5-year survival rate for a type of cancer. The 5-year survival rate tells you what percent of people live at least 5 years after the cancer is found. Percent means how many out of 100. The overall 5-year survival rate for sarcoma is 64%.

About **58%** of sarcomas are found as a localized sarcoma. The 5-year survival rate for people with localized sarcoma is **80%**.

About **18%** of sarcomas are found in a regional stage. The 5-year survival rate for people with regional stage sarcoma is **54%**.

About **14%** of sarcomas are found in a metastatic stage. The 5-year survival rate for people with metastatic sarcoma is **16%**.

INDIAN CANCER SOCIETY  
RISE AGAINST CANCER

**SIGNS AND SYMPTOMS OF BLADDER CANCER**

Bladder cancer can often be found early because it causes blood in the urine. Blood in the urine (hematuria) in most cases is the first sign. Sometimes, there is enough blood to change the color of the urine to orange, pink, or, less often, darker red.

Blood may be present one day and absent the next, with the urine remaining clear for weeks or months. If a person has bladder cancer, blood eventually reappears.

Usually, the early stages of bladder cancer cause bleeding but little or no pain or other symptoms.

Feeling as if one needs to go right away, even when the bladder is not full.

Pain or burning during urination.

Having to urinate more often than usual.

Having trouble urinating or having a weak urine stream.

INDIAN CANCER SOCIETY  
RISE AGAINST CANCER

**SIGNS AND SYMPTOMS OF ORAL CANCER**

- A sore in the mouth that does not heal
- Pain in the mouth that does not go away
- A lump or thickening in the cheek
- A white or red patch on the gums, tongue, tonsil, or lining of the mouth
- A sore throat or a feeling that something is caught in the throat
- Difficulty in chewing or swallowing
- Difficulty in moving the jaw or tongue
- Numbness of the tongue or other area of the mouth
- Swelling of the jaw and constant bad breath
- Hoarseness of voice and weight loss
- A lump or mass in the neck

INDIAN CANCER SOCIETY  
RISE AGAINST CANCER

**AWARENESS THROUGH SOCIAL MEDIA**

INDIAN CANCER SOCIETY  
RISE AGAINST CANCER

**CHEWING TOBACCO**

Nicotine is also considered an **addictive substance** and unless you quit, you bear all the dangers of the multiple and complex side effects of chewing or smoking.

As we all know, tobacco is a substance that can cause numerous health problems, and may also lead to cancer of the **mouth, lip, tongue, lungs, oesophagus, stomach, etc.**

Smokeless tobacco products are depicted in many terms, and are often referred to as **gutka, khaini, zarda, paan masala.**

Whatever name you call it, it is full of **poisonous and toxic chemical ingredients** including the addictive substance nicotine.

INDIAN CANCER SOCIETY  
RISE AGAINST CANCER

**Sarcoma Diagnostics Test**

**A SAMPLE OF CELL** from the tumor, called a biopsy

**IMAGING TESTS** such as a CT scan, an ultrasound, or an MRI, to help see inside your body

**A BONE SCAN**

INDIAN CANCER SOCIETY  
RISE AGAINST CANCER

**Risk Factors for Cancer of the Esophagus**

- The chance of getting esophageal cancer increases with age.
- Men are more likely than women to get esophageal cancer.
- People with more frequent symptoms of Gastro esophageal reflux disease have a slightly higher risk. GERD can also cause Barrett's esophagus, which is linked to an even higher risk.
- The more a person uses tobacco and the longer it is used, the higher the risk.
- High consumption of alcohol also increases the risk
- Combining smoking and drinking alcohol raises the risk much more
- People who are overweight or obese have a higher chance of getting adenocarcinoma of the esophagus.
- A diet high in processed meat may increase the risk.
- Drinking very hot liquids frequently may increase the risk for the squamous cell type of esophageal cancer because of long-term damage to the cells lining the esophagus.
- Exposure to chemical fumes in certain workplaces may lead to an increased risk.
- People who have had lung, mouth and throat cancer have a high risk of getting squamous cell carcinoma of the esophagus.

INDIAN CANCER SOCIETY  
RISE AGAINST CANCER

**Projected Deaths caused by Tobacco use DURING THE 21ST CENTURY - TOTAL 1 BILLION**

- 33% Malignant Neoplasms
- 29% Respiratory Diseases
- 28% Cardiovascular diseases
- 3% Digestive diseases
- 2% Diabetes Mellitus
- 2% Lower Respiratory
- 1% Tuberculosis

## DELHI

The Rise against Cancer was held on 29 November, 2017 at Delhi Public School, Sector 45, Gurgaon. The activity at the Delhi Public School was mainly to create awareness on Cervical Cancer as November is observed as the Cervical Cancer month. A workshop was also organized and addressed by Dr .Shradha of Medanta Hospital mainly for the Class 3 & 4 Staff and parents of the Shikshakendra, coming from the disadvantaged sections of society. Screening was also done with both the Mobile Medical vans there on the occasion.

**Artists against Cancer:** This annual event was held on 24 March 2018 at the Amphitheatre India Habitat Centre. The well-known group Char Yaar gave a magical performance. The pre event was well highlighted in the media.

## BANGALORE

1. World Cancer Day, Feb 4, 2018 - Volunteers from Kalaburagi ICS team organized an event at Vishweshwarayya Bhavan. In addition to raising funds, the team spread cancer awareness with an impressive play by local artists, titled “Cancer - Precautions”– to increase awareness that cancer is curable, if detected early, in most cases. This was followed by Classical Bhakti Sangeet – DasaraPadagalu.

2. World Cancer Day, Feb 4, 2018-ICS, in collaboration with Times of India and Apollo Hospitals, conducted several awareness sessions, as a build-up to World Cancer Day, at colleges (Jain College, Jayanagar & M S Ramaiah Institute of Technology) and corporates (Times of India, L&T Technology Services Limited, Bank Bazaar), culminating in a Walkathon at M S Ramaiah Institute of Technology (MSRIT) on the eve of World Cancer Day.

## RELAY FOR LIFE

### MUMBAI

Relay For Life is a community sensitization program, where we make the community aware about cancer, its early detection and prevention. It is also a community based fundraising event; to raise the much needed funds for underprivileged cancer patients.

The Relay For Life teams, camp out overnight and take turns walking or running around a track or path at their school. Events are 12 hours long, and since, Cancer never sleeps, each team is asked to have at least one participant on the track, during the entire event.

Relay For Life comprises of an opening ceremony, followed by the survivors lap, the Luminaria ceremony and the closing ceremony. The emotionally charged luminaria ceremony remembers those lost to cancer.

This year we conducted relays in the following schools:

- Oberoi International School
- RBK International Academy
- DhirubhaiAmbani International School

The funds raised during this event certainly make a difference in a cancer patient's life.

### Students on the ground for Relay

**DELHI**

**Relay for Life 2017:** Relay for Life was conducted on 5th August, 2017 at Vatika City, Sector 49, Gurgaon. The Vatika City event was organised by ICS interns. It started with an inauguration by ICS volunteers followed by introductory laps by everyone around the clubhouse. ICS Delhi Volunteers gave an awareness talk on women’s cancer. Poster making competition was also conducted for children followed by closing ceremony after an awareness walk through the premises of the high rise buildings within the complex.

**BANGALORE**

**Relay for Life**

A Fund Raiser, May 20 2017: Mantri Classic Residents and Indian Cancer Society (ICS) hosted a Walkathon, Relay for Life event to celebrate cancer survivors and caregivers, remember those whom we have lost and inspire participants to fight-back against the disease.

**Relays** : 5  
**Funds Raised** : Rs. 17.72 Lakhs

Ms. Shristi Kaur, Miss Teen Universe and the Brand Ambassador of ICS shared her thoughts on commitment to the cause.

### Participation in Conferences & Workshops

Key Workshops:

#### A. Organised by Indian Cancer Society/ Partners

- AACCI - Life-skills for Adolescents in Schools (Awareness) and Hospitals/ AACCI
- Metastatic Breast Cancer- R&R Hospital

#### B. Attended by Indian Cancer Society

- Metastatic Breast Cancer Advisory Board – Bangkok
- India Fights Against Cancer- Moscow
- JHCCP – Leadership in strategic communication

### MEDIA & COMMUNICATION

Bi- Annual Newsletter - Nargis

Monthly Internal E - Newsletter Aaina

Facebook and Website Upgrade

### NEW INITIATIVES AND ACTIVITIES

#### ● American Cancer Society Project- “All of Me”

- ICS Delhi was awarded the American Cancer Society Project, “All of Me” from the innumerable NGOs that had applied. It is a one year project, taking Cancer Awareness to the Workplace & creating health-seeking behavior among them. It will be conducted with the JHCCI partnering to create the Communication material.
- Reps from ACS visited in November to discuss the selected Project, All of Me and work out the details along with the budgetary allocations.
- Two Young Scholars, very qualified and competent, have joined ICS for the All of Me project.

#### ● E-Learning Programme

- The E- Learning programme took off with a tie up with Khalsa College DU & a Sponsor arranged by Mr.KewalNohria. This is work in progress.

#### ● ISO Certification number

- The ISO Certification has come giving us further credibility in our work.

● **Joining of New Volunteers**

• It is very heartening to see the influx of new volunteers who are coming to join us in our various activities. Regular training capsules are held for volunteers; 4 of them were held this year by experts in their fields.

● **Healthy India Alliance- All India Initiative**

• The HIA Governance module is now being handled by ICS to assist the Secretariat HIA.  
• ICS volunteer Beeta Mehta, Director Cancer Sahyog attended the OVOV – Our Voices Our Views, an initiative of the Healthy India Alliance at Geneva

● **Metastatic Breast Cancer Conference & Contribution to International Research Project**

• Another volunteer Rekha Gulabani, Director Jagriti, attended the Metastatic Breast Cancer conference in Bangkok, sponsored by Novartis. She was also sent to represent India at the in Moscow a couple of months later. Mrs. Gulabani has been collecting information to feed into an International Research Project.

● **ICS Connect**

• The EMR system underwent an upgrade with SanSys setting up an independent server on the Office premises. The ICS-Connect programme has got a boost whereby data is uploaded directly from the camp site. We look forward to a time when Registration will be completely paperless.

● **Apollo Tyres Foundation- Project**

• Apollo Tyres Foundation Medical Assistance Grant has been an ongoing project under which ICS offered treatment to 20 patients at Artemis Hospital & another 38 from other Delhi NCR Hospitals. The assistance is additional to other amounts earmarked from other Donors.

● **New Initiatives at Prashanti- Healing Center**

• It is heartening to see support come in for the Child Care & Rehab Center – Prashanti from its neighbours. Sponsors for the bras and prosthesis from EASACT and others have enabled more beneficiaries to avail the service.  
• The Child Nutrition programme got a shot in the arm with a generous support of Abbott again this year. Swati Saumber, a Nutritionist and a new Staff member, made diet charts with caloric intakes for the children coming to Prashanti. She also made diet charts for the cancer patients undergoing their treatment.  
• Bras and Prosthesis Project saw the arrival of used silicon prosthesis sent from UK to the delight of so many women who could ill afford the exorbitantly priced ones available in the market.

## CANCER CURE

**Our mission: To offer emotional support and medical aid to cancer patients**

### Cancer Cure Fund

Cancer Cure Fund (CCF) is a flagship project of ICS which provides financial aid for treatment to needy cancer patients. This project provides financial aid up to Rs. 4 lacs per patient to a needy cancer patient to undergo treatment and emerge a victor. This project has transformed the lives of over 4000 underprivileged cancer patients across the country, many of whom have completed their treatment and returned to productive life once again.

This project is unique, first of its kind initiative of ICS in collaboration with HDFC AMC Ltd. In February 2011, HDFC AMC launched a Debt Mutual fund which gave the investors an option to donate 50% or 100% of their dividend income from this mutual fund to the Indian Cancer Society to fund the treatment cost for underprivileged patients.

In FY 2017-18, ICS CCF have received donations aggregating to Rs. 14.67 crores from over 5000 investors from the Debt fund. In addition, HDFC AMC has contributed a matching donation of Rs.14.67 crores to Indian Cancer Society. We have also received Rs 0.75 crores from SBI and Rs 0.70 crores from other donors like UBI and AT&T Ltd.

ICS is grateful to each of those 5000 investors of this fund who have donated their income to ICS and have helped transform the lives of these patients through the Cancer Cure Fund Project. ICS would also like to place on record its gratitude to HDFC AMC for launching this unique product that has enabled ICS to raise the funds required for this project.

ICS has implemented this at a pan India level and we are pleased to report that 80% of the beneficiaries are less than 30 years of age.

Looking at the success of the project other corporate such as SBI foundation, AT&T and UBI have also contributed, taking the total donation of FY 2017-18 to Rs 30.79 crores

**Total donations received from inception till 31st March, 2018 : Rs. 95.02 crores**

**Total amount sanctioned from inception till 31st March, 2018: Rs. 85.14 crores**

**Total No of Beneficiaries : 4650 Patients**

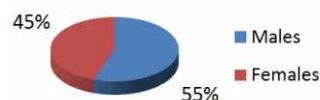

#### F.Y. 17

**No. of Beneficiaries : 1472 Patients**

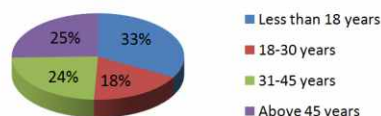

**Total donations received : Rs. 30.79 crores**

**Total amount sanctioned : Rs. 35.62 crores**

14. Sher-I-Kashmir Institute of Medical Science, Srinagar
15. Sri Shankara Cancer Hospital and Research Centre - Bangalore, Karnataka
16. Tata Memorial Hospital-Mumbai, Maharashtra

## Dr. Arun Kurkure Initiation and Treatment Fund

### MUMBAI

AKITF is an emergency funding project of Indian Cancer Society, which takes care of the diagnostic tests and gives initial treatment funding to underprivileged poor cancer patients. This project was introduced to reduce the drop rate of patients from starting/postponing the treatment or not undergoing tests due to affordability.

**Initiation Fund:** This fund is given to underprivileged patients who are unable to afford the initial costs of diagnosis at the Cancer Hospital. An amount of Rs. 15,000/- is given to the hospital so that the patient can undergo all the required initial tests at the hospital for their diagnosis. The objective is to enable them to do the various tests to determine the diagnosis. If this is not done, they may go back home only to return to the hospital with the cancer in an advanced state.

**Treatment Fund:** This fund is given to underprivileged patients so that certain part of their cancer treatment costs gets covered. An amount of Rs. 5,000 or 10,000/- is given after the completion of the due diligence process done by our social workers. We hope that by funding a part of the treatment, it will give them time to seek for other funding resources.

In FY 17-18 Patients benefited,

<b>People touched for initiation Fund</b>	<b>: 63 Patients</b>
<b>Total amount disbursed</b>	<b>: Rs.9,45,000/-</b>
<b>People touched for Treatment Fund</b>	<b>: 129 Patients</b>
<b>Total amount disbursed</b>	<b>: Rs.11,55,000/-</b>

## CASE STUDIES

*Meet few of our patients...***Dr. Arun Kurkure Initiation and Treatment Fund****Personal Background and Impact**

**Mr. Raees Khan**, 48 years old from New Panvel, Raigadh, Maharashtra. He comes from a very poor family. He is doing a Pvt. job at native place and earns monthly income of Rs. 3000/- He is the bread winner of his family comprising of 5 members.

One day he developed severe right inguinal lymph node. The family doctor referred to J.J. Hospital for investigation. J.J Hospital doctors advised surgery and his surgery done in J.J. Hospital. But J.J. hospital doctor ref. to Tata Memorial Hospital for treatment.

TMH Social Worker sent this case to ICS and after a quick due diligence we gave them Rs. 15,000/- for the initial test. Raees was then diagnosed with Hodgkin's Lymphoma and immediately started his treatment. He has completed one cycle of chemotherapy. However Raees has not support chemotherapy treatment, hence his 2nd chemotherapy cancelled and started radiation treatment. The TMH social workers meanwhile are arranging for his funding of the balance treatment cost.

He is progressively well due to ICS money. We need to continuously follow-up Mr. Raees Khan's doctor and provide the necessary medical & other assistance required periodically.

**Personal Background and Impact**

**Mr. Ganesh Kadam**, 31 years old from Mumbai. He is doing Pvt. job and earn monthly income Rs. 4,000/- only. He is the bread winner of his family comprising of five members.

One day he developed severe pain in his stomach. The family doctor on sonography detected lump and advised him to go to Tata Memorial Hospital (TMH).

The report diagnosed him to be suffering from Non Hodgkin's Lymphoma (NHL).

Post diagnoses, TMH inform him that his total cost of treatment would be about

Rs. 4,00,000/-. This treatment cost included chemotherapy and supportive medicines. Ganesh approached ICS for help and received an amount of Rs. 10,000/- to start his treatment. With this amount his first chemo was done and he received immediate relief. Further, ICS has ensured that the balance treatment cost will be taken care by TMH social workers.

Ganesh is extremely thankful to ICS for this timely help.

## CASE STUDIES

### Personal Background and Impact

**Smt. Sarala Pandey**, 41 years old from Mumbai. She is widow women. She is doing labour work and earn monthly income Rs. 4,000/- only. She is the bread winner of his family comprising of two members. Her physical condition not good. She is very week and fever infections not reduce. The family doctor advised her to go to Tata Memorial Hospital (TMH). The report diagnosed him to be suffering from Acute Leukemia, TMH inform her that his total cost of treatment would be about Rs. 6,00,000/-. This treatment cost included chemotherapy and supportive medicines. Sarala Pandey approached ICS for help and received an amount of Rs. 10,000/- to start her treatment. With this amount her first chemo was done and she received immediate relief. Further, ICS has ensured that the balance treatment cost will be taken care by TMH social workers. Sarala is extremely thankful to ICS for this timely help.

### Personal Background and Impact

**Mrs. Chetana M. Wankhede**, 32 years old from Buldhana, Maharashtra. She comes from a very poor family. Her husband not taking care of her. She lives with her parents from last three years. Her father is doing labour work at native place and earn monthly income Rs. 3,000/- only. She has one small child. Her father is the bread winner of his family comprising of four members. Her physical condition not good. She is very week one day she developed severe pain in her Rt. breast. The family doctor advised her to go to Tata Memorial Hospital (TMH). The report diagnosed him to be suffering from Ca. Breast, TMH inform her that his total cost of treatment would be about Rs. 1,20,000/-. This treatment cost included chemotherapy and supportive medicines. Chetana approached ICS for help and received an amount of Rs. 10,000/- to start her treatment. With this amount her first chemo was done and she received immediate relief. Further, ICS has ensured that the balance treatment cost will be taken care by TMH social workers. Chetana is extremely thankful to ICS for this timely help.

### Personal Background and Impact

**Mr. Prassana K**, 33 hails from Thiiruchurapalli, Tamilnadu. It all started with a joint pain in mid of Mar, 2017 expecting it to be a common pain he visited the local doctor for treatment within a short period the pain returned and it worsened. The local doctor unable to diagnose the problem referred him to Cancer Institute, Adyar. He was diagnosed with B Cell Lymphoma at the hospital.

## CASE STUDIES

The sole earning member of his family, earning not more than Rs. 36000/-annually and the cost estimated by the hospital was of Rs. 2 lakhs. The family did not have the required funds nor were they able to collect funds for his treatment, to his surprise Prassana's friends came to his rescue they started pooling in funds because of which his initial treatment started. With the amount that was collected it was impossible for the treatment to continue.

The family went pillar to post enquiring and trying out possible sources from where they could get funds during this process they met the social worker who referred his case to ICS-CCF. April, 2017, Rs. 2 lakhs was sanctioned for Chemotherapy. Prassana has completed the treatment and is on follow up at CI, Adyar.

He is back to normal life and has started working in a hotel. He and his family is filled with gratitude for the timely support provided from ICS - CCF.

### Personal Background and Impact

“Thankyou Indian Cancer Society Cancer Cure Fund for supporting me with the Cancer treatment fund” This is what, Ms. Mili Kumari, a 10 year old cancer patient from Paharpur Bihar had to convey.

Mili complained of nausea and high fever, her parents consulted the local hospital in Patna who referred her to RGCI, Delhi in December 2017. She was diagnosed with Germ Cell Tumor and the doctors estimated cost of treatment was Rs 1.4 lakhs. This was like a big burden for the family, but father was determined to save his daughter's life at any cost. The social worker & treating Doctor at RGCI, Delhi had understood the problem and referred the application to CCF in Jan. 2018. Within 10 days, the amount was disbursed to the hospital. Currently she is on 3 months regular follow-up and has regained her health. She is back to school and is studying in grade three.

## REHABILITATION CENTRE

### MUMBAI

**Our Mission: "It's just enough to add years of life, it is equally important to give quality of life to the added years"**

The ICS Rehabilitation Centre house workshops where patients are given vocational training according to their individual needs. They are taught mat making, bag making tailoring, bag making and printing. For those undergoing treatment, this helps to ease their mental tension due to prolonged treatment for cancer and make a livelihood during the period.

#### Number of people who benefited through the Rehabilitation Centre

Vocational training Section – Permanent Patients	: 17
Vocational Training Section – New trainee	: 43
Glaxo SmithKline Project	: 20
AT & T Project	: 27
Accommodation	: 191
Education to Children	: 06
Nutritive food supplements (Children)	: 100 p.m.
Ration provided to the workshop patients	: 70 p.m.

#### Indian Cancer Society is deeply grateful to...

- The Gunavati J. Kapoor Medical Relief Charitable Foundation for the donation made low cost accommodation to facilitate the treatment of 191 outstation cancer patients.
- Mrs. Kirtiben Gheewala for providing ration to 70 patients every month throughout the year and sugar for canteen as and when needed.
- M/s. Girighar Diary for donating 60 litre milk in a week throughout the year.
- Mrs. Sophie Ahmed for her generous donation towards education of underprivileged children cancer patients.
- Mrs. Nikki Reddy providing 90 - 95 Glucon- D powder to cancer patients every month.

Social worker handing over cheque to the patient

Distribution of Nutrition to patient

**Workshop:** It sold items worth Rs. 23,10,073/- made by cancer survivors during the year under report. Break-up of the same is as follows:

No.	Name of the Section	Amount Rs.
1.	Bag making	7,12,851/-

## DELHI

### Patient Support

#### A) Cancer Sahyog

Cancer Sahyog is a support group for people living with cancer that has been working with ICS since 1991. Our volunteers attend clinics at 12 leading hospitals in Delhi/NCR. Cancer Sahyog is the founding organization of an all-India movement of Cancer Care organizations. It was founded by a cancer survivor and all of the volunteer members have personally experienced cancer. Volunteers actively listen, share their experiences, and provide literature, helpful suggestions, and tips regarding the side effects of treatment. They also facilitate communication between patients, families, and health professionals. Most important, the volunteers, all of whom have had a close personal encounter with cancer, offer hope. ICS Cancer Sahyog’s annual Seminar addresses important issues for cancer survivors. Cancer Survivors Day is a Celebration of Life, emphasizing the beauty of life after cancer. It is celebrated on the second Saturday in February

**People given Emotional Support : 7334**

**People given Financial Support : 129**

## BANGALORE

Emotional Support for people affected by cancer

ICS Bangalore has a team of trained counselors, which includes cancer survivors and care givers. They provide emotional support to cancer patients and care-givers and equip them to tide over the difficult times in their fight against cancer.

Counseling service offered includes

- individual one-to-one sessions with the cancer patient
- sessions together with cancer patient’s partner, relative or care giver
- telephone-based sessions if the cancer patient is unable to attend
- session at cancer patients home if they are unable to attend

**Counselling : 1380**

## ▶ PROSTHETIC & ORTHOTIC AID DEPARTMENT

### MUMBAI

The unique aspect of the Prosthetic Section lies in the fact that all aids appliances are produced by cancer victors. Different types of Breast prosthesis, cervical cancer kits, and colostomy sets are made at this one of a kind workshop and are sold to patients all over the country at a nominal cost. They are provided free of cost to the underprivileged.

The department made and supplied orthotic and Prosthetic Appliances worth Rs.13,37,152/- to 2100 cancer patients and various hospitals cross the country.

<b>Cervical Cancer Rehabilitation Kits</b>	<b>: 1934</b>

## CANCER SURVIVORSHIP

ICS has been rehabilitating cancer survivors through its survivorship program with the objective of facilitating the cancer hospitals to start a structured survivorship program in the form of ACT Clinics (After completion therapy) Once ACT Clinics are established for childhood cancer survivors, ICS will roll out the module for adolescent and adult cancer survivors.

<b>Name of the hospitals (Frequency- once a month)</b>	<b>Wadia (started in Nov 17)</b>	<b>Sion (started in February 18)</b>
<b>No of psycho social assessments &amp; counseling</b>	<b>27</b>	<b>5</b>

In the first phase, the focus would be on educational and vocational issues of childhood and young cancer survivors.

### UGAM

UGAM is a support group of childhood cancer survivors the youngest unit of (ICS) under its survivorship program. UGAM means "To Rise", underscoring the determination of childhood cancer survivors, to rise above all obstacles in life and be VICTORS. Ugam was launched in 2009 on the first Sunday of June celebrated as Cancer Survivors Day across the world as a mark of celebration of life. More than 250 survivors are registered in Ugam so far.

### ELIGIBILITY CRITERIA:

Childhood Cancer Survivors more than 14 years of age and more than 2 years from completion of cancer therapy with disease free status and registered at ACT clinics of Mumbai based hospitals.

### Activities of Ugam:

- Create awareness about curability of childhood cancers
- Help childhood cancer survivors to begin new life after cancer treatment and to make them
- aware that there can be and there is "normal life" after winning the battle with cancer
- Promote the importance of monitoring the late effects of cancer therapies.
- Advocate against discrimination in society to cancer survivors.
- Highlight the need of public support for the cause of Childhood cancer survivors.

### Benefits :

ICS helps in rehabilitation of Ugam members through psychosocial counseling, Career Counseling, Education, skill development training, job placement etc. based on his / her eligibility and capability.

## CANCER SURVIVORSHIP

### HIGHLIGHTS ON EVENTS/ACTIVITIES ORGANIZED BY UGAM DURING 2017-18

#### 8th Anniversary Celebrations:

National Cancer Survivors Day® is an annual, treasured Celebration of Life that is held in hundreds of communities nationwide in the USA, and around the world, on the first Sunday in June. Ugam celebrates its anniversary every year on this day. **Ugam celebrated its 8th Anniversary** at Tata Memorial Hospital (TMH), Mumbai, on 4th June 2017 from 10 am to 2 pm.

**Theme:** Culture of south India

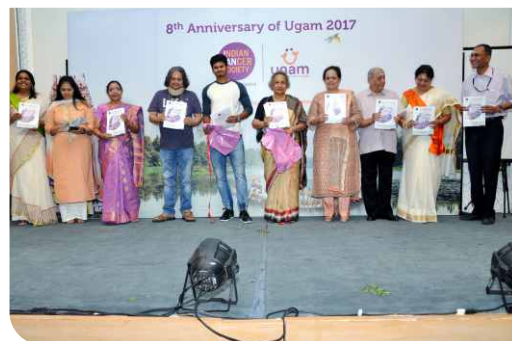

**Decoration:** Managed by Ms. Ummul (Ugam member), Founder member, Nine Planets event

**Sponsor:** Ms. Madhavi Goenka (Founder member, NGO: Helping hands India)

**No of Attendees:** More than 400 ( including 150 Ugam members)

**Chief guest :** Mr. Shreyas Iyer (Indian Cricketer)

**Guest of Honour :** Dr. Kusumakumary (Head Pediatric Oncology, Regional Cancer Center, Trivendrum)

### Participation At ICS Events:

### DELHI

**Cancer Survivor's Day- A Celebration of Life:** Cancer Survivor's Day is a Day of “Celebration of Life”. It has been started since 1992. This year it was celebrated on 10th February. It was a vibrant and colourful event.

**Break-free from Cancer:** A day of music and fun for Cancer Survivors Sponsored by Google and Medanta

## CANCER SURVIVORSHIP

### NEW INITIATIVES BY ICS

#### DR D J JUSSAWALLA EDUCATION & VOCATIONAL SKILLS FUND

- ICS launched Dr D J Jussawalla Education and Vocational skills fund for cancer survivors in July 2018.
- The approach and philosophy of the fund is to "adopt" the eligible cancer survivors and hand hold them through every stage until fully rehabilitated back into the society with potential to earn a livelihood.
- WPP India CSR Foundation is the founder sponsor of this holistic concept

#### Governance Structure

A two tiered system with a Selection committee team and a General advisory committee is responsible for a thorough scrutiny of applications , guidance on case to case basis and disbursement of the fund.

1. Number of cases approved by GAC = 73 (From 18th September to 31st March)

#### Further analysis of 73 approved cases:

2. Amount disbursed = Rs. 17,66,753
3. Male/Female Ratio = 50/23
4. Vocational cases = 7
5. Career counselling: Aptitude- 23 | Helpdesk- 11

6. Hospitals:

BJ Wadia	8

### SELF RELIANT SURVIVOR PROJECT -MUMBAI

**Our mission:** To help the families to become self reliant

Cancer patient come to Mumbai from all over the country for a treatment at TMH. For many of them it is a life of hardship with no place to stay and no means of sustenance. The self Reliant Survivor Project of ICS helps such families to live dignity and to learn a new skill for earning a livelihood.

Patients or their dependents are train in tailoring for up to six months. This enables them to return to their villages with new source of income for the family. During the training they are provided a daily stipend, meals, reimbursement of the accommodation and travel expenses, food supplements and ration for the month. The biggest gain is to be able to live with dignity while the patients is under treatment and to learn a new skill

**Amount Spent** : Rs. 14.14 lakhs

**Cancer patient families touched** : 76

**CANCER SURVIVORSHIP****CANCER INSURANCE SCHEMES**

- **New India Assurance MUMBAI**

The ICS Cancer Insurance Scheme was the first Cancer Insurance Scheme in India, launched in 1985. It continues to be popular and has received good patronage during the year.

During 2017-18, 30 new members registered for the ICS Cancer Insurance Scheme.

Members can opt for Cancer Insurance coverage of Rs. 50,000/- or Rs. 2 lakhs at very nominal premiums. This scheme is implemented in collaboration with the New India Assurance Co. Ltd.

No.	Type:	Coverage of	No. of Members
1.	Well Wisher Member (Ordinary)	2,00,000/-	755
		50,000/-	105
2.	Well Wisher Life Member	2,00,000/-	253
		50,000/-	62
		<b>TOTAL</b>	<b>1175</b>

At Cancer Screening Camps the forms are distributed of the above mentioned schemes, thus to encourage people to take advantage of cancer insurance by payment of a very nominal premium.

- **New India Assurance KOLKATA**

<b>Cancer Insurance with New India Assurance Company Ltd(Policy)</b>	<b>249</b>
--	------------

- **Raheja QBE Cancer Insurance Policy**

Indian Cancer Society initiated this scheme to provide coverage upto Rs 10 lakhs through Raheja QBE General Insurance Company Ltd.

Should cancer be detected, this Cancer Insurance Policy provides substantial financial support so that you can be adequately treated in time, allowing you not only to lead a normal life after cancer but one with lesser worries. This Cancer Insurance Policy relieves you of the crippling costs of curing cancer.

Many people have taken the benefit of this scheme.

## PROFESSIONAL EDUCATION

### INDIAN JOURNAL OF CANCER

The Indian Journal of Cancer, the first indexed oncology journal from India, was established in 1963. It is still the foremost periodical, serving the needs of all the specialties of oncology in India. Its international reputation is recognized by its indexing with most bibliographic databases including MEDLINE, Index Medicus, EMBASE and Biological Abstracts. The journal is the official publication of the Indian Cancer Society, the Indian Society of Oncology (ISO) and the Indian Cooperative Oncology Network (ICON).

The authorship as well as the readership of Indian Journal of Cancer has expanded beyond the boundaries of the country. Apart from journal's own website, the internet issue of the journal attracts more than 5000 visitors per month from all over the world. The journal utilizes most advanced tools for its management including an electronic system for manuscript submission and review.
