

RISE AGAINST CANCER

INDIAN CANCER SOCIETY

Annual Report 2015 – 16

RISE AGAINST CANCER

INDIAN CANCER SOCIETY

VISION AND MISSION STATEMENT

OUR VISION

To be the Beacon of Hope against cancer

OUR MISSION

To create awareness that cancer is preventable and curable

To facilitate the early detection of cancer

To offer emotional support and financial support to cancer patients

To establish and encourage cancer survivorship programs

To integrate cancer survivors back into society

To facilitate advocacy and research for cancer

Sheila Nair

Sheila Nair is at the helm of Indian Cancer Society and is responsible for the development and execution of strategy underpinning all activities at the national Head Quarters at Mumbai , including its all-India Programs.

Dr Amol Wankhede

Dr Amol B Wankhede is a Public Health expert and is responsible for planning, designing and execution of screening camps.

Gouri Raverkar

Gouri Raverkar plans and manages the various cancer treatment funds for underprivileged cancer patients.

Lalitha Nair

Lalitha Nair supervises rehabilitation schemes for poor cancer patients by providing them vocational training.

Pramila Chandramohan

Pramila Chandramohan heads the finance team, including responsibilities for statutory compliances, taxation and budgetary controls.

Shravani Koyande

Shravani Koyande manages ICS's cancer registries in Greater Mumbai ,Nagpur, Pune and Aurangabad.

Dr Vandana Dhamankar

She is evolving the Ugam support group for children & young adults, and is researching a suitable survivorship clinic model for the same group.

Dhanashri Korgaonkar

Dhana executes the awareness programs , social media , Relay for Life and other events of ICS.

DARE TO DREAM

Dear Friends,

Can we dare to dream of a world where cancer is no longer feared? Where it's a disease that has a cure? Where the majority are survivors and not victims. Yes, we can. The Indian Cancer Society with renewed vigour and zeal is striving to turn this dream into a reality.

As India's most respected NGO in the cancer space for the past 65 years, we play an active role in creating awareness and encouraging early detection among the masses. Facilitating cure, rehabilitation for the underprivileged patients and offering support to survivors has always been our area of focus.

It is time now to scale up our activities, set new goals for 2020. A national footprint should see us manning 100 mobile detection vans throughout the country creating cancer awareness through films developed on key cancers in the regional languages and providing early detection at your doorstep. The youth of our country must lead the change of mindset towards this dreaded disease through social media and events. Raising Rs. 100 crores annually for disbursement through the Cancer Cure Fund will make the life-saving treatment available to many of those who simply cannot afford it.

To this end, in the past one year, we have produced 4 films in 7 languages raising awareness and encouraging early detection. Students, young professionals and matinee idol - Varun Dhawan - have been enrolled to be part of our mission. CSR funding has enabled us to add a new state-of-the-art mobile medical unit detection van, currently under fabrication, to increase our reach in the rural areas.

To further increase the impact of our Cancer Cure Fund, in collaboration with HDFC AMC, we have 13 hospitals to our empanelled list across India. Since its establishment in 2011 we have sanctioned 56.97 crores, to fund the treatment of 2216 patients. We have now nearly quadrupled our disbursements with the enhanced new fund and CSR support from HDFC. In fact, this dimension of the ICS success story has evoked a Harvard Business School case study. A special paper on the fund was presented at the last World Cancer Congress held in Australia, in December 2014, by our Medical Director, Dr Purvish Parikh. ICS has also reorganized its operating structure by identifying 4 core areas – Awareness & Screening, Cancer Cure, Cancer Registry responsible for research and knowledge, and Rehabilitation and Survivorship, which includes the Ugam – support group of childhood cancer survivors.

Integrated planning and execution with our Branches is the key to help realize this dream. Towards this end, the 3rd edition of "ICS ONE" held in March 2017, helped amalgamate all our efforts into one single tide.

The need of the hour is to come together from all walks of life, pool in our resources to battle this disease and emerge victorious. We seek active support and assistance from individual donors, trusts, the corporate world, medical fraternity, hospitals, the government, health ministry, well-wishers, stakeholders and all related NGOs to help scale-up our activities.

The next 5 years will help ICS take the giant leap to realize this dream.

ABOUT INDIAN CANCER SOCIETY

Indian Cancer Society was established in 1951 by Dr. D.J. Jussawalla and Mr. Naval Tata as India's first voluntary, non-profit, National Organization for Awareness, Detection, Cure and Survivorship of those affected with this disease.

Indian Cancer Society has been doing sterling work in fighting cancer across India. It has been and continues to be the beacon of hope for thousands of our poor cancer affected brethren. The extent of help required is phenomenal. Most of the patients come to us from all over the country and can't afford two meals a day. In such cases undergoing treatment is beyond their capacity. The society is entirely dependent on public support for its various activities concerned with financing the treatment and rehabilitation of cancer patients and for spreading the cancer awareness and its early detection.

Activities

- Creating nationwide awareness of cancer, its risk factors, preventive measures, treatment options, survivorship, and encouraging regular checkups as cancer can be cured if detected early.
- Providing for the early detection of cancer through cancer screening centers and mobile cancer detection camps across India, especially for the underprivileged.
- Providing funds for the treatment of cancer for poor cancer patients across India
- Providing support during and after treatment to poor cancer patients through accommodation, rehabilitation, and survivor support groups.
- Gathering and collating data through the population based cancer registry for Mumbai, Pune, Nagpur and Aurangabad (ICS is the only NGO to run a cancer registry), and providing analytic and projected reports on the incidence of cancer.
- Providing a medium for the dissemination of information and research findings to the medical fraternity through the Indian Journal of Cancer.

REPORT FOR 2015-16

CANCER AWARENESS

Our mission: To create awareness that cancer is preventable and curable

Indian Cancer Society conducts cancer awareness camps in school, colleges, corporate offices, slum and rural areas on a pan India level.

At these camps, a trained ICS representative presents short films and a talk on various cancers like cervical, breast, oral and lung. The films explain what is cancer and its causes, symptoms and the lifestyle changes required to protect oneself against cancer. These camps are conducted free or at a minimal cost.

<i>Cancer Awareness Camps</i>	: 195
<i>Beneficiaries</i>	: 15500

Mumbai Marathon

ICS participated in the Mumbai Marathon on January 17, 2016 with the intention of creating awareness about cancer and raising funds for cancer patients. 12 runners, from different parts of India, represented ICS at the marathon. ICS had its Cheering Zone at Marine Drive, Churchgate and volunteers from NSS College of Pharmacy and Ugam members along with ICS staff, enthusiastically cheered the runners. Dancing, singing, and a lot of good energetic fun took place at the cheering zone by the people taking part in the marathon.

Breast Cancer Awareness campaign

The campaign was conducted at Mumbai Metro stations from D N Nagar to Ghatkopar from October 5 to 8, 2016. Free mammography tests were done for women at Western Express Highway station at Andheri. Student volunteers of Rizvi College joined in the Awareness drive and also performed a dance during the campaign at Andheri station.

Breast Cancer Awareness Campaign at Andheri Metro Station

RELAY FOR LIFE

Relay For Life is a community sensitization program, where we make the community aware about cancer, its early detection and prevention. It is also a community based fundraising event; to raise the much needed funds for underprivileged cancer patients.

The Relay For Life teams, camp out overnight and take turns walking or running around a track or path at their school. Events are 12 hours long, and since, Cancer never sleeps, each team is asked to have at least one participant on the track, during the entire event.

Relay For Life comprises of an opening ceremony, followed by the survivors lap, the Luminaria ceremony and the closing ceremony. The emotionally charged luminaria ceremony remembers those lost to cancer.

The funds raised during this event certainly make a difference in cancer patient's life.

<i>Relays</i>	: 2
<i>Participants</i>	: 500
<i>Funds collected</i>	: Rs. 22.94 lakhs

CANCER SCREENING

Our mission: To facilitate the early detection of cancer

Indian Cancer Society strongly believes that “Cancer is curable, when detected early.” Awareness followed by early detection improves the chances of battling this dreaded disease. Early diagnosis of cancer has been the core objective of our Mobile Cancer Screening Camps and the Cancer Screening Centre at Peddar Road, Mumbai.

Mobile Cancer Screening Camps

In 1982, Indian Cancer Society launched its first Mobile Cancer Screening to provide people with easy access to cancer checkup facilities free or at a nominal cost. It has since extended larger.

<i>Camps</i>	: 329
<i>People touched</i>	: 17,860
<i>Cases for further investigation</i>	: 635
<i>Confirmed cancer cases</i>	: 13

Our Mobile Screening Vans

Cancer Screening Centre, Peddar Road

The M.D.Thackersey Cancer Screening Centre was set up by Indian Cancer Society to provide facilities for the public and is the only prevention centre of the Indian Cancer Society functioning since the year 1978. It has since extended larger.

<i>People touched</i>	: 1082
<i>Cases for further investigation</i>	: 123

Oral check by ENT surgeon

Complete physical check
for men

CANCER CURE

Our mission: To offer emotional support and medical aid to cancer patients

Cancer Cure Fund

Cancer Cure Fund (CCF) is the flagship project of Indian Cancer Society which provides financial aid for treatment of underprivileged cancer patients. Many cancers are curable, if detected early and treated in time. However, in India most patients with cancer are not able to afford the treatment costs and therefore do not survive the disease. This project provides financial aid up to ₹ 4 lakhs each for treatment support. CCF has transformed lives of over 2500 such patients across the country, many of whom have completed their treatment and returned to a productive life. ICS has implemented this at a pan India level covering 26 states. We are pleased to report that 80% of the beneficiaries are less than 30 years of age, which means more birthdays to be celebrated!

CCF was initiated in February 2011 as a joint initiative with HDFC AMC, where in a close-ended capital protection oriented income scheme called 'HDFC Debt Fund for Cancer Cure' was launched. This scheme provided the investors an option to donate 50% or 100% of their dividend income to ICS to provide financial assistance to underprivileged cancer patients for their treatment.

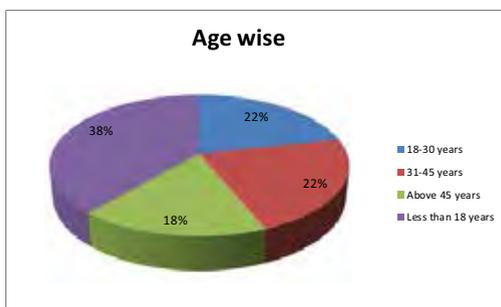

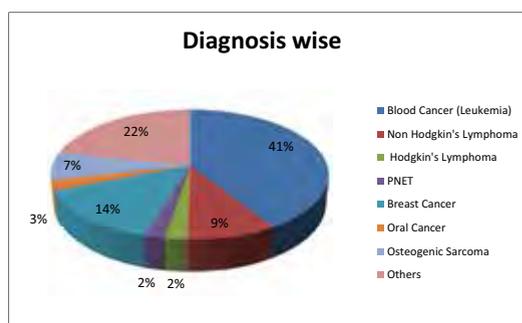

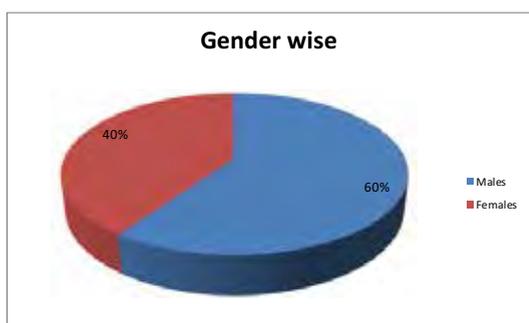

In FY 2015-16, CCF received donations aggregating to Rs. 6.39 crores from over 2500 investors.

In addition, HDFC AMC has given CSR funding of Rs. 6.64 crores. ICS is grateful to each of the 2500 investors who have donated funds to ICS and have helped transform the lives of these peoples. ICS would also like to place on record its gratitude to HDFC AMC for launching this unique product that has enabled ICS to raise the funds required for this project.

Looking at the success of the project, corporates are now keen to contribute to the project. In FY 15-16, we received Rs. 30.83 lacs as donations from Union Bank of India, Roche India, Oriental Bank of Commerce and several other individual donors.

Total donations received from inception till 31st March, 2016 : **Rs. 40.44 crores**

Total amount sanctioned from inception till 31st March, 2016 : **Rs. 56.97 crores for 2216 patients**

Empanelled Hospitals

CCF Works with a network of empanelled hospitals across the country. Cancer patients whose annual income is below Rs. 2 lacs and who meet the survival rate criteria are eligible for CCF grant. Below is the list of ICS empanelled hospitals and we look forward to empanel more eligible hospitals.

1. Basvatarakam Indo American Cancer Hospital and Research Institute - Hyderabad,Telangana
2. BKL Walawalkar Hospital - Chiplun ,Maharashtra
3. Cancer Institute, Adyar, Tamil Nadu
4. Christian Medical College - Vellore,Tamil Nadu
5. Gujarat Cancer and Research Institute - Ahmedabad,Gujarat
6. Kailash Cancer Hospital- Goraj, Gujarat
7. Narayan Health Mazumdar Shaw Cancer Centre - Bangalore, Karnataka
8. Patel Hospital - Jalandhar, Punjab
9. Rajiv Gandhi Cancer and Research Institute, New Delhi
10. Regional Cancer Centre – Trivandrum,Kerala
11. Sawai Maan Singh Hospital – Jaipur, Rajasthan
12. Sher-I-Kashmir Institute of Medical Sciences, Srinagar
13. Tata Memorial Hospital-Mumbai, Maharashtra

Dr. Arun Kurkure Initiation and Treatment Fund

Everyday hundreds of poor patients come to Tata Memorial Hospital (Mumbai) from across the country because they may be suffering from Cancer. Often they come with nothing as many come from underprivileged backgrounds. The financial numbers that they hear towards the cost of initial diagnosis scares them to return home without doing the tests. In a study done by just the pediatric department at TMH showed that the dropout rate was 20%.

To overcome this, Indian Cancer Society introduced Dr. Arun Kurkure Initiation and Treatment Fund. This fund aims to help patients who are unable to afford the initial costs of diagnosis and/or need help in covering certain part of their treatment costs. Any patient from a government hospital can take benefit of this fund. For diagnosis, an immediate payment of Rs. 15,000/- is made to their account in the hospital to enable the treatment to start. For those who require aid for treatment, Rs. 10,000/- is provided.

In FY 15-16 Patients benefited,

<i>People touched for Initiation Fund</i>	: 146
<i>Total amount sanctioned</i>	: Rs. 21,90,000/-
<i>People touched for Treatment Fund</i>	: 690
<i>Total amount sanctioned</i>	: Rs. 66,57,000/-

Sir Ratan Tata Trust (SRTT)

In December 2009, Sir Ratan Tata Trust magnanimously offered to assist Indian Cancer Society in its efforts of providing financial aid to underprivileged cancer patients undergoing treatment at the Tata Memorial Hospital & the Bai Jerbai Wadia Hospital.

Under this project, Indian Cancer Society along with SRTT, funds part or the entire treatment costs of 7 patients each month. The applications are thoroughly scrutinized by Indian Cancer Society's medical social workers in accordance with the strict guidelines laid down by SRTT and then sent to SRTT for evaluation and acceptance.

<i>People touched</i>	: 63
<i>Total amount sanctioned</i>	: Rs. 1,37,56,000/-

Meet few of our patients...

Paritosh Mahuri

A sole bread-winner for a family of three in Agartala, Tripura, Paritosh Muhuri was diagnosed with cancer in 2002. He had an annual income of Rs 42,000 through private tuitions. He started getting severe joint pain and fever and was devastated when diagnosis at the GB hospital in Agartala confirmed that he was suffering from Acute Myeloid Luekemia, a kind of blood cancer.

Paritosh was referred to Tata Memorial Hospital, Mumbai for treatment in August 2013 after his condition worsened and he started to complain of throat pain and bleeding. He was asked to undergo Bone Marrow Transplant (BMT) in October that year, as it was the only way to save his life.

With the cost of treatment estimated at Rs. 12, 00,000, Paritosh was resigned to his fate as he had spent all his life savings on his treatment in the past decade and had even sold his land. He was referred to ICS-CCF by the hospital's Social Service Department. After detailed analysis of his case, ICS-CCF sanctioned Rs. 4 lakhs for his treatment in July 2014 and the BMT was completed within six months. After completion of his treatment, Paritosh has started giving private tuitions. His daughter is now 5 years old and the doting father has thanked ICS-CCF for the support and helping him start his life afresh.

Pankaj Kumar

Son of a farm labourer in Bulandsheher, UP, Pankaj's life was turned upside down when he was diagnosed with Osteogenic Sarcoma. Just 20, Pankaj was preparing for entrance tests to join the Army. A freak accident, while dancing at a friend's wedding, resulted in a minor fracture which led to Osteogenic Sarcoma, a type of bone cancer. Complaining of severe pain in his leg, Pankaj was referred to Dharmshila Cancer Hospital in Delhi where it was confirmed that he was suffering with bone cancer and the doctors recommended amputation of his leg so that the cancer would not spread. He then went to Rajiv Gandhi Cancer Institute (RGCI), New Delhi for a second opinion.

At RGCI, the doctors also recommended surgery to amputate the leg and then would provide him with prosthesis. The entire treatment cost was approximately Rs. 5.5 lakhs and it was not possible for his parents to arrange for the money. He was referred to ICS - CCF in August 2012 and was sanctioned Rs. 4 lakhs. The surgery was done and he was fitted with prosthesis. Pankaj has also completed his education and is a commerce graduate. He is now working as a Computer Operator in BSNL, on a salary of Rs. 9,000/- per month. On 10th March, 2016 he got married and still continues his passion of bike riding. He is deeply grateful to ICS - CCF for valuable assistance and giving him a ray of hope to be able to live his life.

REHABILITATION CENTRE

Our mission: “It’s just not enough to add years of life, it is equally important to give quality of life to the added years”.

The ICS Rehabilitation Centre houses workshops where patients are given vocational training according to their individual needs. They are taught mat making, tailoring, bag making and printing. For those undergoing treatment, this helps to ease their mental tension due to prolonged treatment for cancer and make a livelihood during this period.

Number of people who benefited through the Rehabilitation Centre

<i>Vocational Training Section - Permanent Patients (10+ years)</i>	: 35
<i>Vocational Training Section - New Trainees</i>	: 102
<i>Accommodation</i>	: 606
<i>Education to Children</i>	: 30
<i>Nutritive food supplements (Children)</i>	: 120 per month
Ration provided to the workshop patients	: 70 per month

Indian Cancer Society is deeply grateful to

- The Gunvati Charitable Trust for the renovation of our Rehabilitation Workshop for cancer patients.
- The Gunvati J. Kapoor Medical Relief Charitable Foundation for the donation made for low cost accommodation to facilitate the treatment of 606 outstation cancer patients.
- Ms. Rekha Rane, The Administrator, Mumbai High Court for facilitating a donation towards the cost of external painting of our building.
- Mrs. Sheroo Mistry for sponsoring a Mahindra Bolero for our cancer patients
- M/s. Maya Kukreja Foundation towards Medical Aid to Cancer Patients
- M/s. Mahindra Foundation for post operative Kits

PROSTHETIC & ORTHOTIC AIDS DEPARTMENT

The unique aspect of the Prosthetic section lies in the fact that all aids and appliances are produced by cancer victors. Different types of breast prosthesis, cervical cancer kits, jaw stretcher keys, limb prosthesis and colostomy sets are made at this one of a kind workshop and are sold to patients all over the country at a nominal cost. They are provided free of cost to the underprivileged.

<i>Cervical Cancer Rehabilitation kit</i>	: 1637
<i>Prosthetic/Orthotic Appliances</i>	: 1659
<i>Aids & Appliances for disabled</i>	: 10,254

Our workshop sold items worth Rs. 25,39,317/- made by Cancer Survivors during the year under report. Break-up of the same is as follows:

No.	Name of the Section	Amount
1.	Bag Making	10,00,111/-
2.	Prosthetic	13,33,777/-
3.	Welfare Section	71,932/-
4.	Printing Press	74,712/-
5.	Canteen Sale	58,785/-
	Total	Rs. 25,39,317/-

Articles made by our Bag Making Section continue to be in great demand and we have been invited to participate in exhibitions organized by various Organizations.

SELF RELIANT SURVIVOR PROJECT supported by GSK

Our mission: To help the families to become self reliant

Cancer patients come to Mumbai from all over the country for treatment at TMH. For many of them it is a life of hardship with no place to stay and no means of sustenance. The Self Reliant Survivor Project of ICS supported by GSK helps such families to live with dignity and to learn a new skill for earning a livelihood.

Patients or their dependents are trained in tailoring for up to six months. This enables them to return to their villages with a new source of income for the family. During the training they are provided a daily stipend, meals, reimbursement of accommodation and travel expenses, food supplements and rations for the month. The biggest gain is to be able to live with dignity while

the patient is under treatment and to learn a new skill.

<i>Amount spent</i>	: Rs. 17.40 lakhs
<i>Cancer patient families touched</i>	: 136

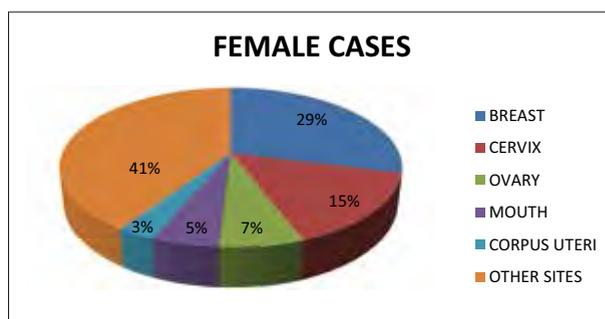

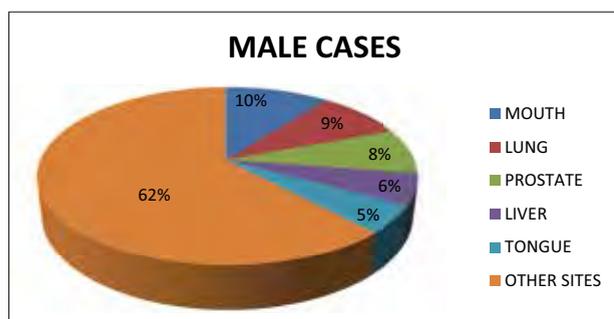

CANCER REGISTRY

Our mission: To facilitate advocacy and research for Cancer.

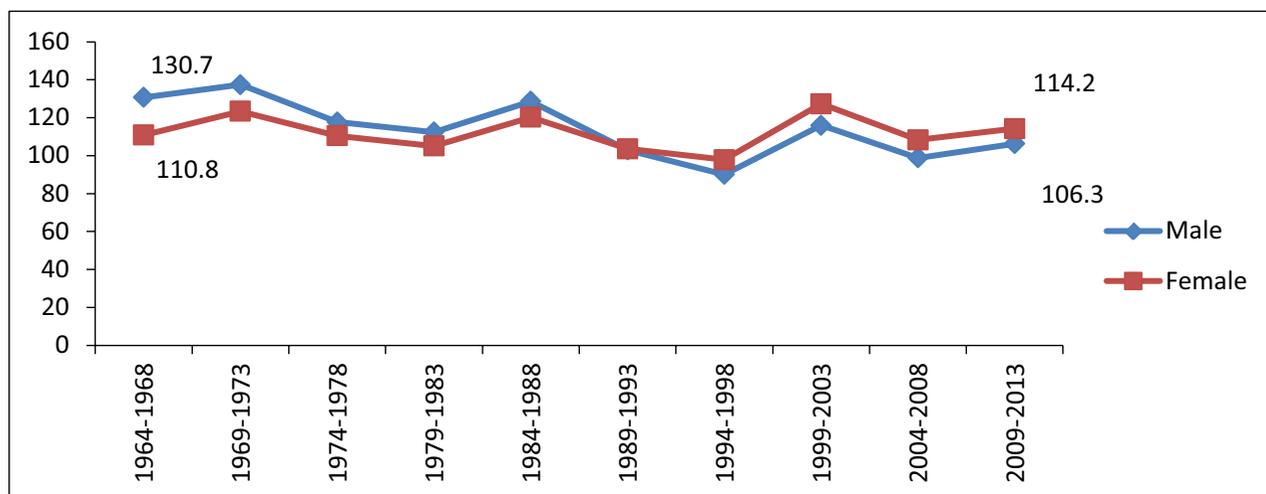

The Mumbai Cancer Registry was established in June 1963 as a Unit of Indian Cancer Society with the aim of “Obtaining reliable incidence and mortality on cancer from a precisely defined urban population”.

MUMBAI CANCER REGISTRY

- Greater Mumbai, a densely populated urban metropolis on the west coast of India, occupies an area of 603 sq kms
- 1st population based cancer registry of India established in 1963 by Indian Cancer Society
- Total number of new cancer cases registered in 2013: 13,867 (Male: 6729, Female: 7138)

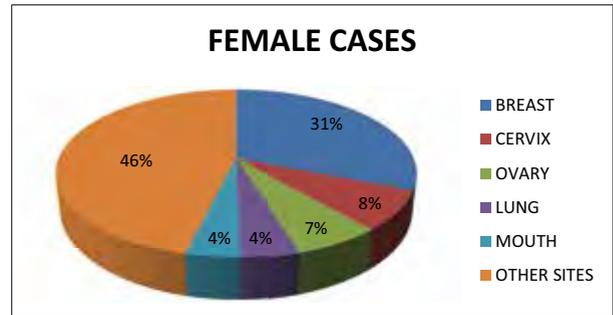

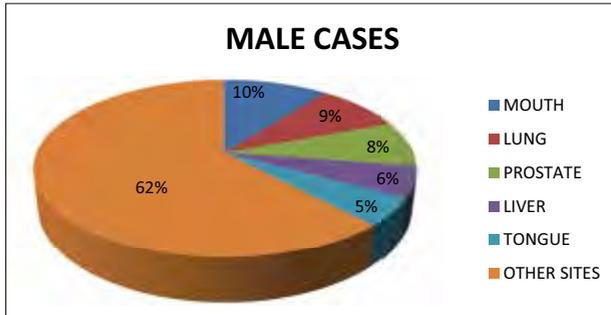

Trends of All Sites in Mumbai Cancer Registry for both the sexes (AAR)

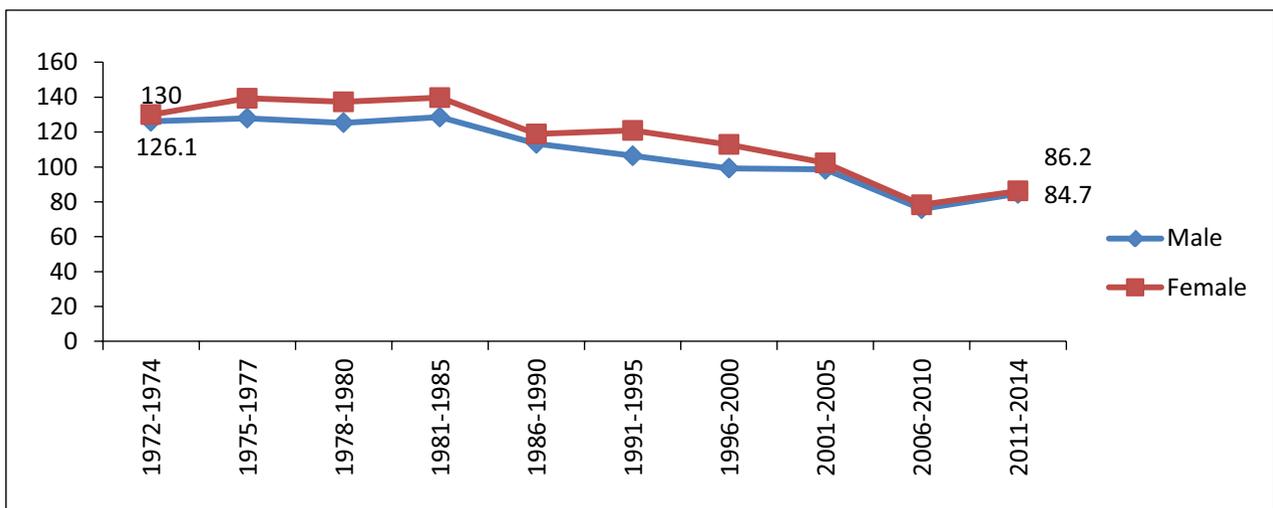

PUNE CANCER REGISTRY

- Established in 1972 at B. J. Medical College, Pune
- Hon. Secretary: Dr. Adhav, Jt. Hon Secretary: Dr. Kalpana Kulkarni
- Pune Cancer Registry covers an area of 344.8 sq kms
- Total number of cancer cases registered in 2014: 4,418 (Male: 2110, Female: 2308)

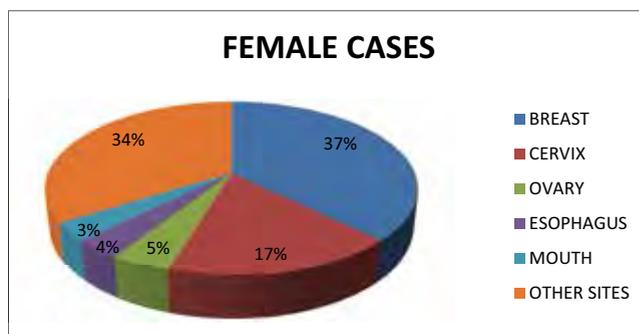

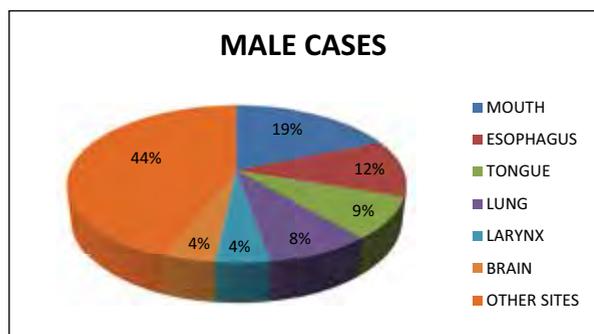

Trends of All Sites in Pune Cancer registry for both the sexes (AAR)

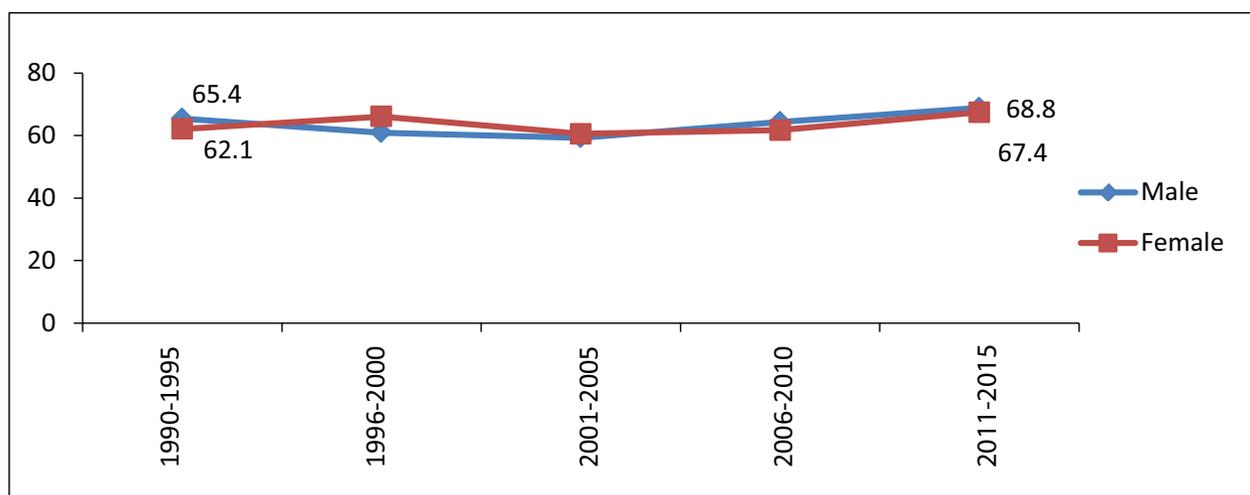

AURANGABAD CANCER REGISTRY

- Established in 1978 at Govt. Medical College, Aurangabad
- Hon. Secretary: Dr. B.K.Shewalkar
- Aurangabad Cancer Registry covers an area of 50.5 sq kms
- Total No of cancer cases registered in 2015: **841** (Male: 389, Female: 452)

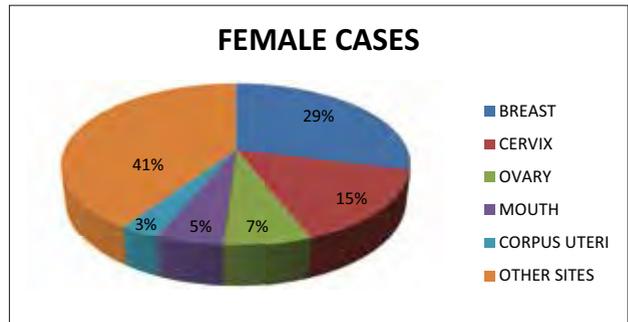

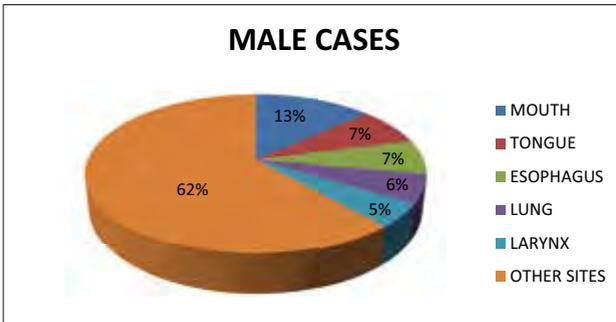

Trends of All Sites in Aurangabad Cancer Registry for both the sexes (AAR)

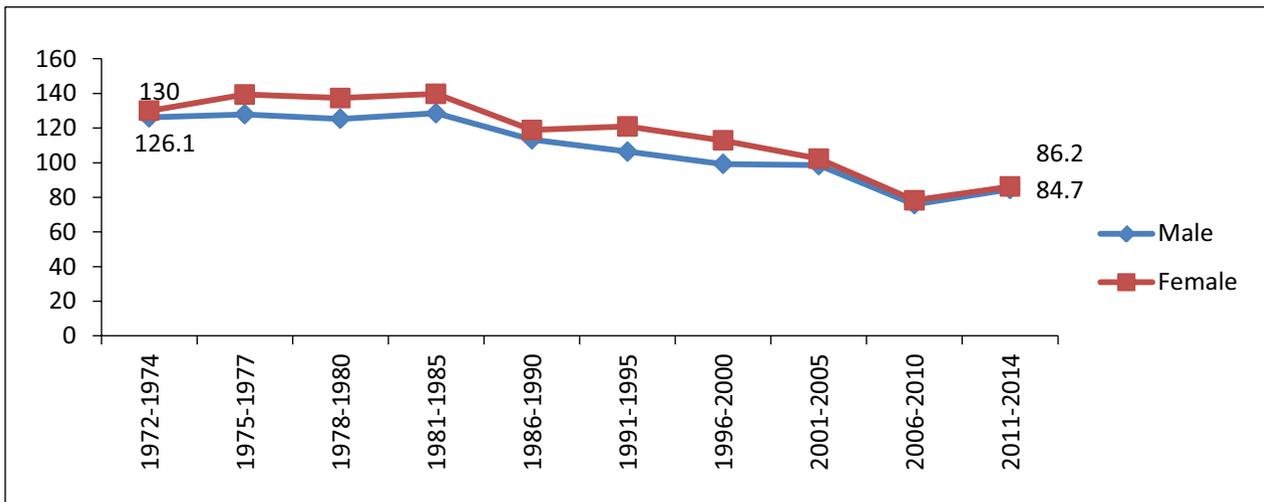

NAGPUR CANCER REGISTRY

- Established in 1980 at Govt. Medical College, Nagpur
- Hon. Secretary: Dr. K.M. Kamble
- Nagpur Cancer Registry covers an area of 236.9 sq kms
- Total No of cancer cases registered in 2014: 2399 (Male: 1227, Female: 1172)

Trends of All Sites in Nagpur Cancer Registry for both the sexes (AAR)

PROFESSIONAL EDUCATION

INDIAN JOURNAL OF CANCER

The Indian Journal of Cancer, the first indexed oncology journal from India, was established in 1963. It is still the foremost periodical, serving the needs of all the specialties of oncology in India. Its international repute is recognized by its indexing with most bibliographic databases including MEDLINE, Index Medicus, EMBASE and Biological Abstracts. The journal is the official publication of the Indian Cancer Society, the Indian Society of Oncology (ISO) and the Indian Cooperative Oncology Network (ICON).

The authorship as well as the readership of Indian Journal of Cancer has expanded beyond the boundaries of the country. Annually more than 5000 copies of the journal are distributed. Apart from journal's own website, the internet issue of the journal attracts more than 5000 visitors per month from all over the world. The journal utilizes most advanced tools for its management including an electronic system for manuscript submission and review.

UGAM: VICTORS OF CHILDHOOD CANCER

Vision -

To be an empowering support group to ensure that every cancer survivor finds his/her way to celebrate life after conquering Cancer.

Mission -

- Self-empowerment of the young cancer survivors
- Social awareness and re-bonding with society
- Helping children with cancer currently undergoing treatment

Ugam is a voluntary support group of childhood cancer survivors formed in June 2009. It is a unit of Indian Cancer Society, functioning under its survivorship program. The 230 childhood cancer survivors who are registered with Ugam were treated at Tata Memorial Hospital. Ugam is expanding its wings to include childhood cancer survivors from all the pediatric cancer units in Mumbai.

Ugam means "To Rise" underscoring their determination to rise above all obstacles in life and be victors.

Activities of Ugam

Educational Support

Ugam supports the education of these by providing ICS education scholarship and refers deserving candidate's applications to scholarships provided by others NGOs.

Awareness and Fund Raising

- During various ICS events, Ugam members perform activities spreading the message about curability of childhood cancer.
- Ugam members participate and support in the various fundraising events of ICS including various events like Dahihandi, Race of Hope, Mumbai Marathon, and Relay for Life and various other events held at ICS.

Counselling

- Ugam organizes counseling sessions for parents of children with cancer at Tata Memorial Hospital and St Jude's Child care centers which gives hope to the active patients. They also counsel other childhood cancer survivors attending ACT Clinic on every Tuesday at TMH.

Highlights of events during year 2015-16:

- **6th Anniversary Celebrations**

First Sunday of June is celebrated as international childhood cancer survivors' day. Ugam celebrated its 6th Anniversary on 7th June 2015. This event got a lot of media coverage which helped to spread the message that "There is life after cancer to celebrate!"

- **Aaj Ki Raat hai Zindagi - UGAM with Mr. Amitabh Bachchan**

In December 2015, Ugam was invited by Star India Pvt. Ltd, to participate in the finale of show called Aaj Ki Raat Hai Zindagi, popular TV show which highlights the social work done by individuals/groups across India and anchored by Bollywood legendary Mr. Amitabh Bachchan..

- **World Cancer day, 4th February 2016**

- Indian Cancer Society celebrated the day by organizing a friendly cricket match between ICS staff and UGAM.
- Healthcare Global Enterprises Ltd started a SelfV campaign for cancer survivors wherein survivors all over India uploaded a 1 minute video recounting their battle against cancer.
- The educational and vocational guidance program for Ugam members was organized by Ugam in association with Tata Memorial Hospital, Tata Institute of Social Science and Disha counselling center and 60 members benefitted by this program.
- Preeti Phad, Ugam member, made oral presentation at the 47th Congress of International Society of Pediatric Oncology (SIOP) held in October in Cape Town, South Africa.
- Ugam members represented India by participating in the World Children's Winners games held in Moscow. Gunjan, an Ugam member won a gold medal in running and silver in football!

Mihir Soni won a Silver Medal in Football at World Children’s Winners games, Moscow

CANCER INSURANCE SCHEMES

- **NEW INDIA ASSURANCE**

The ICS Cancer Insurance Scheme was the first Cancer Insurance Scheme in India, launched in 1985. It continues to be popular and has received good patronage during the year.

During 2015-16, 38 new members registered for the ICS Cancer Insurance Scheme.

Members can opt for Cancer Insurance coverage of Rs. 50,000/- or Rs. 2 lakhs at very nominal premiums. This scheme is implemented in collaboration with the New India Assurance Co. Ltd.

Sr. No.	Type	Coverage of	No. of Members
1.	Well Wisher Member (Ordinary)	2,00,000/-	755
2.	Well Wisher Member (Ordinary)	50,000/-	132
3.	Well Wisher Life Member	2,00,000/-	271
		50,000/-	86
		Total	1244

- **RAHEJA QBE CANCER INSURANCE POLICY**

Indian Cancer Society initiated this scheme to provide coverage upto Rs 10 lakhs through Raheja QBE General Insurance Company Ltd.

Should cancer be detected, this Cancer Insurance Policy provides substantial financial support so that you can be adequately treated in time, allowing you not only to lead a normal life after cancer but one with lesser worries. This Cancer Insurance Policy relieves you of the crippling costs of curing cancer.

Many people have taken the benefit of this scheme.

BRANCHES

DELHI BRANCH

Awareness and Screening – Jagriti

Awareness Talks are the prime responsibility of Jagriti. Talks were given at Schools, Colleges & Institutes. Awareness Talks to Women's groups in various places included wives of Defense Personnel in Delhi. Volunteers also gave Talks to Gender Resource workers at the Delhi Secretariat. Talks were undertaken at Depots of Delhi Transport Corporation (DTC) during the shift changing hours to reach out to more conductors, drivers and other staff. 12 Depots (around 600 Staff) were addressed.

<i>Camps</i>	: 98
<i>People touched</i>	: 11424

Cancer Screening - Cancer Screening Centre & Mobile Medical Vans

ICS Delhi provides preventive screening services through its Cancer Detection Centre, Babar Road as well as mobile outreach services for the past thirty years. A new mobile unit Asha Kiran, equipped with digital mammography and X-ray has been inducted to the ICS Delhi fold as a CSR initiative of EIL which has increased ICS Delhi's outreach. An ambitious project called ICS- Connect has been initiated where a tele-radiology platform has been provided for our mobile units and the data for screened individuals is maintained in digital form for easy access.

<i>People touched</i>	: 12451
<i>Cases for further investigation</i>	: 486
<i>Cases found to be cancerous</i>	: 15

Emotional and Financial support – Cancer Sahyog

Cancer Sahyog is the emotional support arm of Indian Cancer Society, Delhi. The survivor volunteers working with patients and families across Delhi and NCR offer its most significant contribution.

<i>People given financial help</i>	: 75
<i>Amount spent</i>	: Rs. 36.90 lakhs
<i>People counseled</i>	: 7222

Prashanti

Prashanti is the wellness unit of Indian Cancer Society. Prashanti helps in mainstreaming cancer survivors back to normal living by offering yoga, laughter therapy and reflexology. For women who have undergone mastectomy, Prashanti offers breast rehab clinic by providing and fitting women with bras and body forms at no cost. We provide two bras and one body form for every woman who has undergone a mastectomy.

Major events organized by ICS – Delhi

1. **World No Tobacco Day** – This event was held on 17th April at Navy Children School. The format was a skit competition, poster making and a debate competition. The topic was “Importance of

plain packaging” and was showcased by the students with great assertiveness. The event was held at DPS Sushant Lok and 17 schools participated.

2. **Annual seminar** – Cancer Sahyog organised their annual seminar on 16th October at PHD Chambers. The topic of discussion was ‘Cancer – Looming threats and perils of wilful ignorance’.
3. **Rise against Cancer** – is Indian Cancer Society’s community connect activity, targeting an audience within a community, where people of all walks of life come together and awareness is spread through screening, talks, competitions and raising money. Three events were held in three different venues where schools, RWAs, came together and awareness was spread through walks, nukkad natak, poster competitions, interactive workshops and preventive screening initiatives.
4. **Survivors’ day** – Silver Jubilee – ‘Celebration of life’ was the theme that was carried to the heart of the capital on Cancer Sahyog completing its 25 years of existence. The venue was Rajiv Chowk. The event consisted of dances, group dances, medley of old hindi songs, walking the ramp by survivors accompanied by their doctors from various hospitals, light bollywood music.
5. **Concert of Hope** – the annual ICS fundraiser was held on 6th March at the amphitheatre of India Habitat Centre. The band Advaita performed and brought the house down. Mr Suhel Seth, long time contributor to ICS was the chief guest.

BANGALORE BRANCH

The Karnataka Chapter of the Indian Cancer Society was started by Mr. Kishore Rao in 1986.

Activities of Bangalore branch include:

- create awareness across Karnataka so that certain types of cancer can be prevented and when it occurs, it is detected at an early stage
- detect cancer at an early stage at its cancer detection centre and at detection camps; specifically focusing on the needy and low-income groups
- provide counseling and emotional support to cancer patients, their families and care-givers

Cancer Awareness

Indian Cancer Society, Karnataka, has been conducting Cancer Awareness Sessions with the objective to reduce cancer instances and mortality rate through prevention and early detection. The session is organized for 60 minutes.

<i>Camps</i>	: 25
<i>People touched</i>	: 2265

Early Cancer Screening

ICS believes that in most cases “Cancer is curable when detected early”. A significant percentage of these incidences and associated mortality can be prevented. ICS has been conducting Cancer Screening Camps in Bangalore and rural Karnataka. On an average, 150 people are screened at each camp. Focus is on early detection of Breast, Cervical, Oral and Lung Cancer.

<i>Camps</i>	: 26
<i>People touched</i>	: 2328
<i>Cases for further investigation</i>	: 153

Emotional Support for people affected by cancer

ICS Bangalore has a team of trained counselors, which includes cancer survivors and care givers. They provide emotional support to cancer patients and care-givers and equip them to tide over the difficult times in their fight against cancer.

Counseling service offered includes

- individual one-to-one sessions with the cancer patient
- sessions together with cancer patient's partner, relative or caregiver
- telephone-based sessions if the cancer patient is unable to attend
- session at cancer patients home if they are unable to attend
